Leave no one Behind (LNOB) & inclusiveness

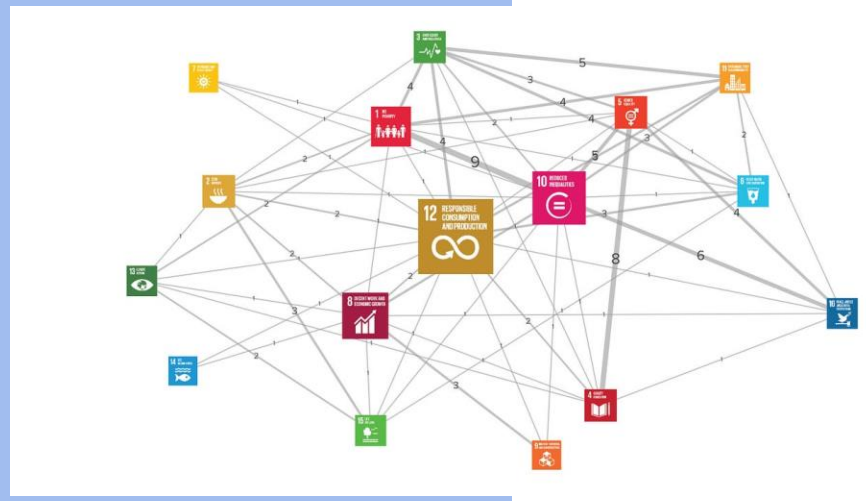

vliruos | sharing minds, changing lives

Leave No One Behind (LNOB)

- to curb horizontal and vertical inequalities and to take action to reach the furthest behind first
- integrate this at the level of context analysis, stakeholder mapping, focus end beneficiaries, attention for vulnerable groups
- *Example SI: Does the project engage with women's groups, associations, NGOs as project counterparts and/or as gender advisors?*

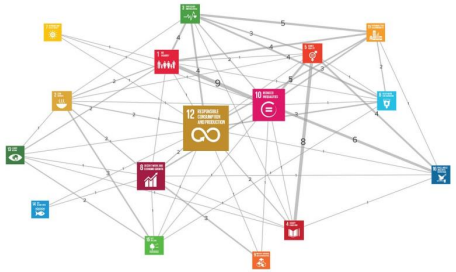

Interconnectedness & indivisibility

vliruos | sharing minds, changing lives

Interconnectedness

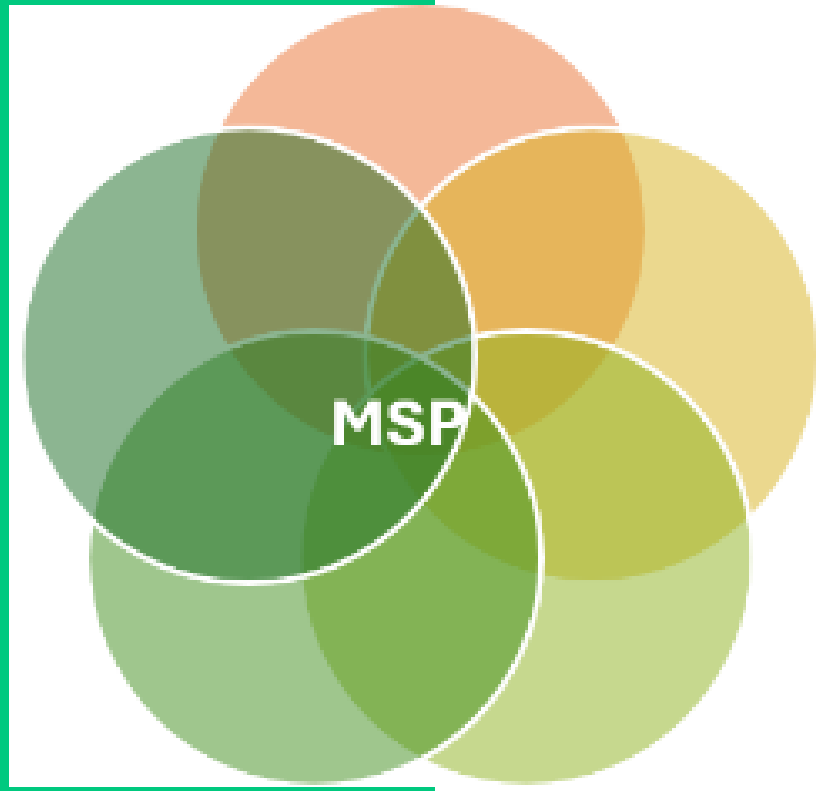

- Integrated approach to address multiple goals simultaneously
- Universal nature of the global challenges
- Co-benefits … or trade-offs
- Holistic context analyses, interdisciplinarity and cross-sectoral approach, building connections with other sectors & domains

Coherence,

Multi-institutional partnerships (MIP),

Multi-stakeholder partnerships (MSP)

vliruos | sharing minds, changing lives

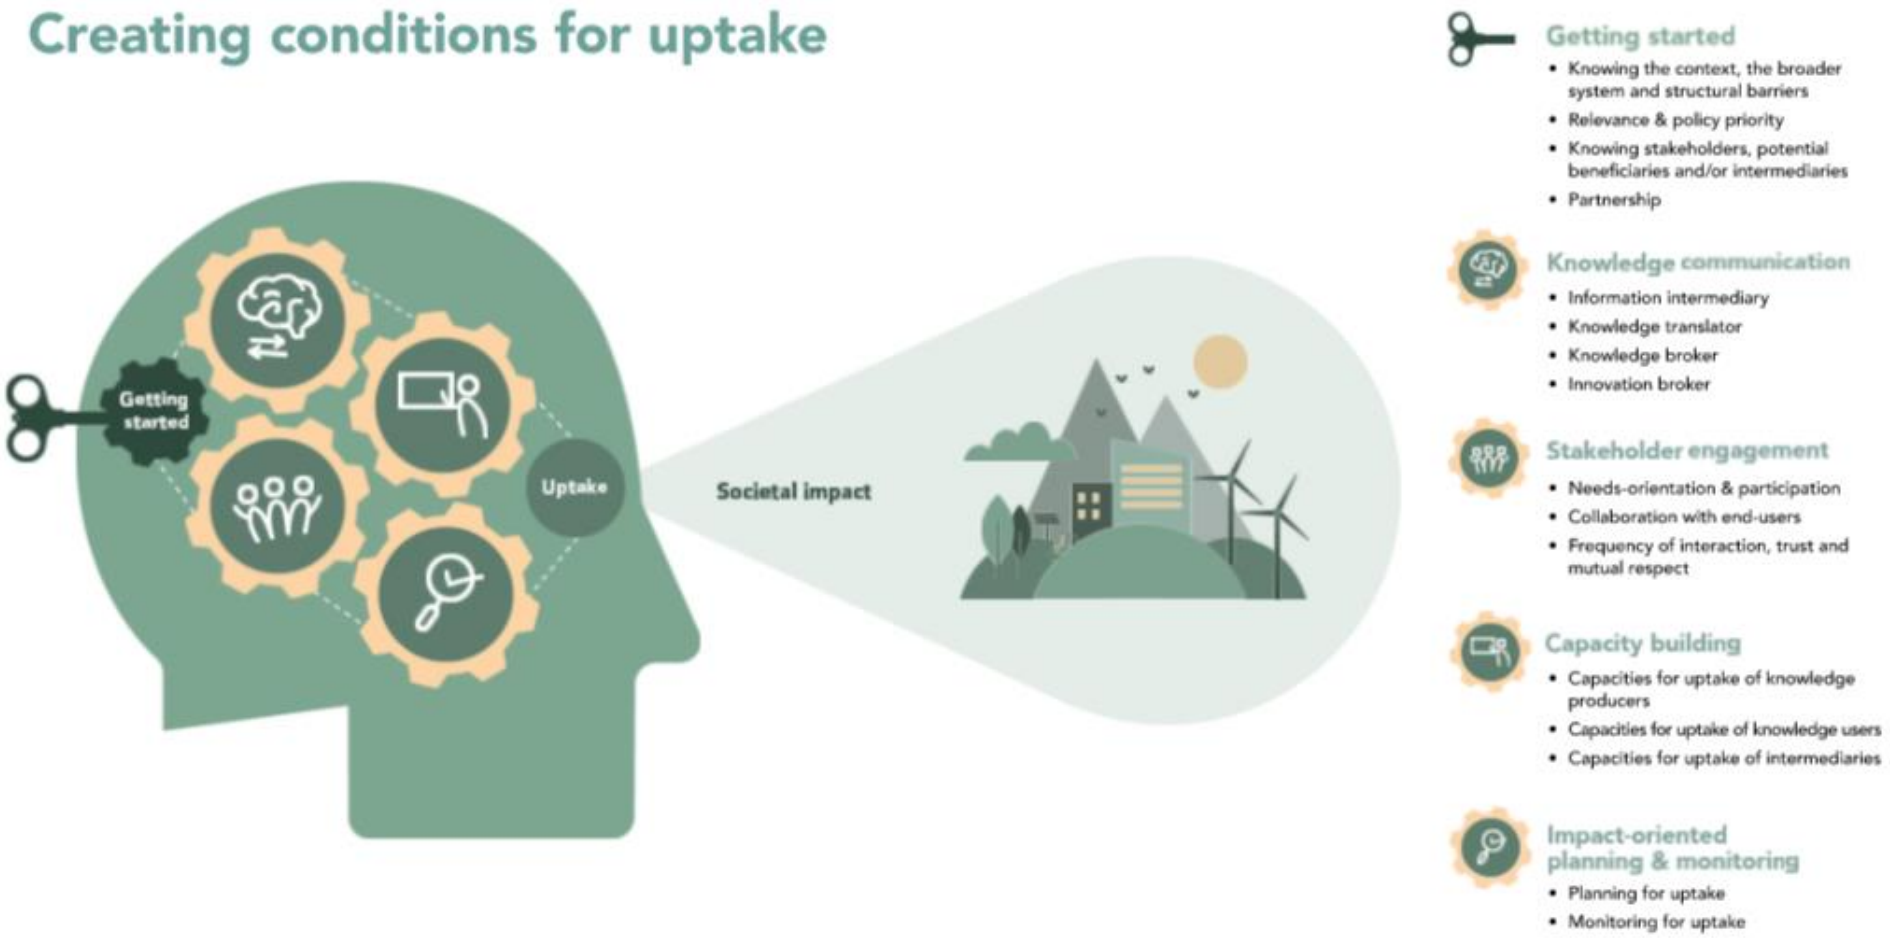

Coherence, MIP & MSP

- Coherence with Agenda 2030
- Multi-institutional partnerships (MIP): obtaining better results by pooling available expertise.
- Multi-stakeholder partnerships (MSP): structural collaboration with at least 1 non-academic actor to reach common goal.
